

**S**ince 1957, Seneca Mineral Co., Inc.

has been successfully and economically providing liquid salt to state, municipal, commercial, and industrial sectors for dust suppression, gravel road stabilization, and snow and ice control. Our products are PA DEP and PennDot approved.

Seneca Mineral also serves customers in the private sector by applying dust control products to dirt and gravel parking lots, driveways, fair grounds, horse arenas, and businesses with heavy truck traffic, such as concrete plants, lumber yards, etc.
